# why own a boat?

## **join the Pacific Boating Club**

Boating can be costly and complex, while boat share requires a significant initial investment. So, joining a boat club might be the perfect solution. For a nominal monthly membership fee, you will gain access to our luxurious sport cruiser fleet located at two amazing locations: Church Point and Sydney Harbour. Our club provides unlimited access and the ability to book up to 24 days per year, plus daily and overnight options.

Whether you want a few lovely hours or a multiple-day escape, our walk-on, walk-off service ensures all you need to do is relish your time aboard. Furthermore, no long-term contracts, ongoing fees for maintenance, berthing, insurance or cleaning are required and our no-equity membership offers the ultimate freedom to make the most of Sydney's delightful waterways, allowing members to enter or exit at their leisure.

## brand new state-of-the art cruiser joins the club

The Sundancer 320 Coupe Outboard continues a bold new chapter in the Sundancer story, blending the values of a cruiser and a sport boat/bow rider in one compelling and harmonious package. Thanks to an inventive reexamination of deck architecture, the bow area is more usable than ever before; meanwhile, the cockpit affords effortless, versatile enjoyment of the water, and the cabin provides a comfortable place to get out of the sun on a hot Summers day. Outboard power comes with zero trade offs in terms of space, comfort or enjoyment. A true natural, the Sundancer 320 Outboard re-imagines the possibilities of how a cruiser can look, feel and perform.
